CASE PACKING INSTRUCTIONS

- **Verify Impression** for accuracy and quality
- **Wrap + Seal** place impression tray in bag
- **Complete Rx*** and attach outside bag

Sending models?

Completely and properly bubblewrap models before inserting in bag.

Bites need not be individually wrapped. Complete Rx* and attach outside bag.

SENDING MULTIPLE CASES?

When sending multiple cases, place Rx for each impression outside bag, and insert multiple bags in box as pictured.

* Include a stump shade with anterior and esthetic cases.
